Bollard
Ref. 40 336X

Street Furniture
Contemporary Serie

Sineu Graff : Intelligent Design
for the town of tomorrow

Presentation

The Contemporary Series bollard is made of spheroidal cast iron and has a conical-shaped profile.

The upper part of this piece street furniture has been specifically designed to be part of high quality environments.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

Description

This conical-shaped bollard is made of cast iron.

Cast-iron parts are produced in a foundry located close to our factory in France and are treated using our powder blast process (after cleaning and shot blasting, the parts are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

The body of the bollard is assembled onto the sealing tube using 2 set screws.

Delivered assembled.

Weight of bollard alone: 17kg.

Colours

Colour shown:

Body: Sand grey 900

Colours to select from RAL (satin) or AKZO NOBEL (sand) charts.
