

Litter Bin

Ref. 20 0563

Street Furniture
Classical Range

Sineu Graff : Intelligent Design
for the town of tomorrow

➤ Presentation

The round litter bin from the Classic range has wooden cladding. These discreet and classical pieces of street furniture will be at home in all your parks and spaces.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

➤ Description

The bin has a body made of straight wooden slats and corner slats with anodised aluminium trims, an upper and lower rail in 3mm thick steel, a 5mm thick steel cover, a square base in 4mm thick steel and a stainless steel bucket.

After the application of a flow coat, the wood is coated with solvent-free water-based emulsion stain.

The wood used is certified and sourced from well-managed forests.

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

The lid of the bin is assembled onto the body by means of a pin on a hinge.

Closing is automatic, while opening is done via a triangular key.

3 anchoring points.

Capacity: 45 litres.

Delivered unassembled.

Weight: 59kg.
