

Litter Bin

Ref. 20 0590

Street Furniture
Diamond Point Range

Sineu Graff : Intelligent Design
for the town of tomorrow

► Presentation

Oblong Diamond Point litter bins are characterised by stainless steel cladding with a diamond point motif for optimum strength, and by their large capacity. These pieces of street furniture will be at home in all your urban spaces.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

► Description

The litter bin is made up of an oblong body in 2.5mm thick steel with a diamond point motif, a steel framework made up of 2 8mm thick vertical uprights and a 5mm thick steel bottom, a GS cast iron lid, a 5mm thick steel base, a stainless steel bucket and a triangular lock.

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

Cast-iron parts are produced in a foundry located close to our factory in France and are treated using our powder blast process (after cleaning and shot blasting, the parts are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

The whole bin is assembled with screws.

Closing is automatic, while opening is done via a triangular key.

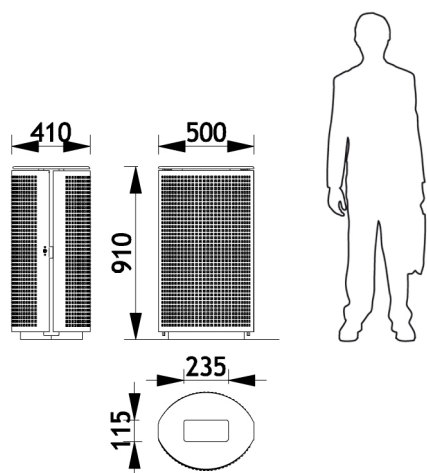

4 anchoring points.

Capacity: 100 litres.

Delivered assembled.

Weight: 70kg.
