for the town of tomorrow

## ► Presentation

Contemporary litter bins are part of a complete range of street furniture in perforated metal, made entirely of steel. This model has a counter-terrorism design.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

## ► Description

This bin is made up of a body, an articulated liner holder and a lid.

The body is made of 3mm thick perforated painted galvanized steel.

The painted galvanized steel liner holder is articulated.

The lid is in 5mm thick painted galvanized steel (without lock).

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

Closing is automatic, while opening is done via a triangular key.

Capacity: 76 litres.

4 anchoring points.

Delivered assembled.

Weight: 30kg.
