➤ Presentation

The Nature litter bin comes in painted steel, decorated with a stylised laser-cut motif. Its openings are positioned on the sides and its lid is fitted with a stainless steel ashtray. Its clean, sober design is suitable for all kinds of environment.

The litter bin goes perfectly with all of the furniture in the Nature range, three- and two-place seats, chair and planters to compose coherent settings.

➤ Description

The litter bin comprises a body and a door in sheet steel 3 mm thick cut out by laser, a sloping lid in painted stainless steel 5 mm thick, fitted with a cigarette cutter, an ashtray in stainless steel and a bin in stainless steel.

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

The lid, fitted with an ashtray with a translatory guide device, is screwed to the body of the litter bin.

The door is damped when closing by 2 rubber stops. The base is covered with a protective plastic bottom. It locks automatically and can be opened using a triangular pin key.

Capacity of the waste disposal bin : 60 litres ; Capacity of the ashtray : 1 litre.

4 anchoring points (Ø 17 mm).

Delivered assembled.

Weight : 46 Kg.
