

Litter Bin

Ref. 21 0561M

Street Furniture
City Confort Range

Sineu Graff : Intelligent Design
for the town of tomorrow

► Presentation

The City Confort square litter bin is part of a complete range of litter bins made in steel using a SINEU GRAFF patented assembly system, which gives it maximum strength. The transparency of this piece of street furniture makes it unobtrusive in its environment.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

► Description

The City Confort square litter bin is made up of a painted galvanized steel body, a 5mm thick painted galvanized steel lid, a 4mm thick painted galvanized steel base, a triangular lock and a stainless steel bucket.

The body of the bin is made up of 5mm thick flat painted galvanized steel irons, round steel irons with an 8mm diameter and 4 corner pieces in 2mm thick folded metal.

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

Closing is automatic, while opening is done via a triangular key.

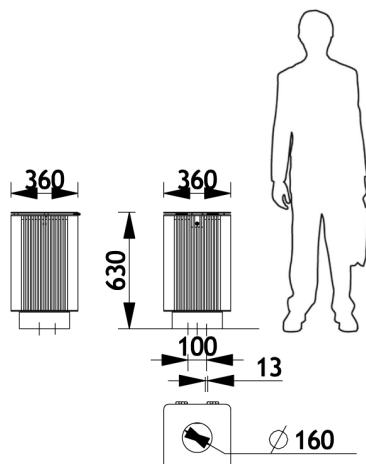

Capacity: 42 litres.

3 anchoring points.

Delivered assembled.

Weight: 34kg.
