

Rosery planter

Ref. 299 564

Street Furniture
Rosery Range

Sineu Graff : Intelligent Design
for the town of tomorrow

➤ Presentation

The Rose Garden has been designed to be integrated easily in all settings thanks to its classic style and timeless lines. This piece of street furniture will help show off your plants in streets, on squares and in parks.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

➤ Description

The Rose Garden planter is made up of:

- 4 metal posts in painted galvanized steel with a 100x100mm section
- 4 M22 stainless steel adjustable feet
- 4 wooden panels with a 105x20mm section (intermediate vertical slats), 85x20mm section (far right vertical slats) and 90x25mm section (horizontal slats)
- 4 U-shaped irons and 4 L-shaped corner irons in painted galvanized steel for fastening the panel
- 4 flat irons in painted zinc-plated steel for fastening the panel
- 1 fixed handling planting box with 4 M22 stainless steel adjustable feet.

After the application of a flow coat, the wood is coated with solvent-free water-based emulsion stain.

The wood used is certified and sourced from well-managed forests.

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

The planter has removable fronts, making it possible to handle the planting boxes with a lift truck.

All our planters are compatible with the Sineu Flor system.

Capacity: 490 litres, including 110-litre reserve.

Weight of planter alone: 152 kg.

Delivered assembled.

➤ Dimensions

➤ Colours

Colours shown:

Wood: Natural shade

Framework: Grey 900 sable

Colours to select from RAL (satin) or AKZO NOBEL (sand) charts.
