## ► Presentation

The Rose Garden has been designed to be integrated easily in all settings thanks to its classic style and timeless lines. This piece of street furniture will help show off your plants in streets, on squares and in parks.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

## ► Description

The Rose Garden planter is made up of:

- 4 metal posts in painted galvanized steel with a 80x80mm section
- 4 M22 stainless steel adjustable feet
- 1 galvanised steel box support
- 4 wooden panels with 105x20mm section (for vertical slats) and 90x15mm section (for horizontal slats)
- 4 U-shaped irons and 4 L-shaped corner irons in painted galvanized steel for fastening the panel
- 4 flat irons in painted galvanized steel for fastening the panel
- 1 fixed handling planting box.

After the application of a flow coat, the wood is coated with solvent-free water-based emulsion stain.

The wood used is certified and sourced from well-managed forests.

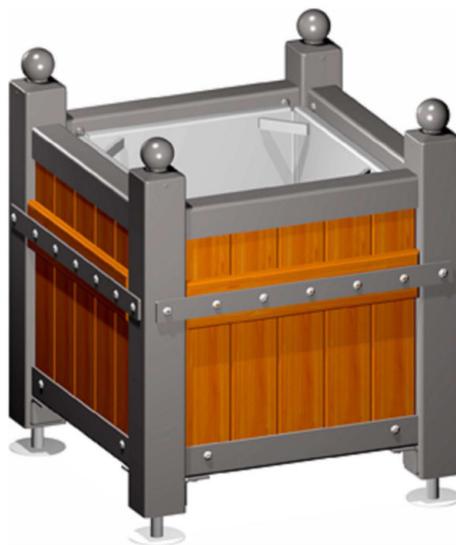

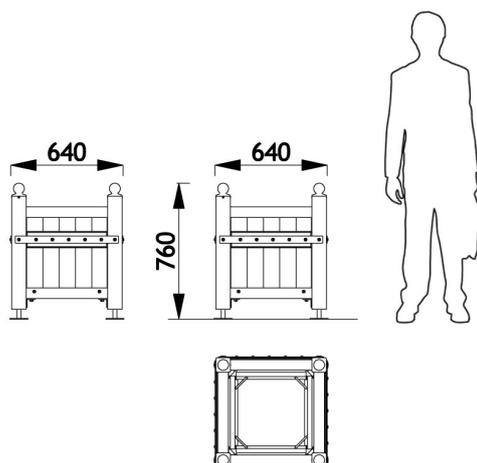

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

Capacity: 80 litres, including 20-litre reserve.

Weight of planter alone: 72 kg.

Delivered assembled.
