

Mobile Garden - Rectangular shape with rounded interior

Ref. 50 0131

Street Furniture
Mobile Gardens Range

Sineu Graff : Intelligent Design
for the town of tomorrow

➤ Presentation

The rounded rectangular Mobile Garden is based on the Mobile Gardens concept, for creating friendly settings and new atmospheres.

This steel-faced piece of equipment is an innovative solution for the temporary or permanent refurbishment of areas where planting in the soil is not possible.

The Mobile Garden is available in rectangular or square shapes, rounded or not.

The Mobile Garden may be used in combination with single or double seats, single or double benches, S-shaped benches, planting benches and Mobile Forests.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

➤ Description

The rounded rectangular Mobile Garden is made up of:

- 9 seating modules with:
 - inner structure in 3mm thick galvanized steel
 - stability cross member in galvanized steel
 - seating with wooden planks
 - 3mm thick painted galvanized steel facing
 - 3mm thick painted galvanized steel plinths
 - stainless steel adjustable feet
- connecting systems, each made up of a 6mm thick galvanized steel flange and a galvanized steel pin, dimensions 60x30mm, 6mm thick
- 9 rectangular boxes (type 1) in 2mm thick galvanized steel (total volume 520L including 110L water reserve) and fitted with fixed lifting handles and 4 adjustable feet
- 1 rectangular box with 1 cut corner (type 2) in 2mm thick galvanized steel (total volume 470L including 95L water reserve) and fitted with fixed lifting handles and 4 adjustable feet
- 1 triangular box (type 3) in 2mm thick galvanized steel (total volume 400L including 80L water reserve) and fitted with fixed lifting handles and 4 adjustable feet.
- 31 finishing coping pieces in 3mm thick galvanized steel.

After the application of a flow coat, the wood is coated with solvent-free water-based emulsion stain.

The wood used is certified and sourced from well-managed forests.

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

The Mobile Garden is equipped with the Sineufloor system.

The plinth is self-adjusting.

The modules are joined to each other by flanges, with no fasteners or tools.

The coping keeps all the planting boxes sealed.

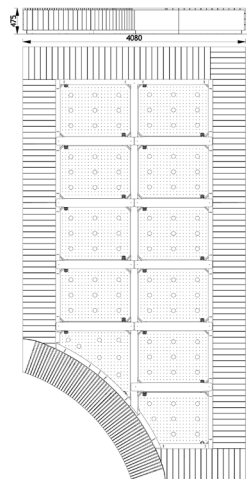

The fasteners are concealed.

The side facing panels are removable.

Weight of empty assembly: 2160kg

Modules delivered assembled.

➤ Dimensions

➤ Colours

Colours shown:

Wood: Natural shade

Metal parts: RAL 7012 Basalt grey

Colours to select from RAL (satin) or AKZO NOBEL (sand) charts.
