

# Planter Bench

Ref. 52 2100

Street Furniture  
Mobile Gardens Range

Sineu Graff : Intelligent Design  
for the town of tomorrow

## ➤ Presentation

The planter bench is characterised by its clean and elegant design and its perfect finish (no visible fasteners). The bench has seating and end modules including a galvanized steel planting box. The modules of the planter bench integrate perfectly with their environment.

The piece of equipment is based on the Mobile Gardens concept, for creating friendly settings and new atmospheres.

The planter bench may be used in combination with single or double seats, single or double benches, S-shaped benches, Mobile Gardens and Mobile Forests.

This furniture has been designed and manufactured by Sineu Graff, experts in urban landscaping, in accordance with a sustainable development approach.

## ➤ Description

The planter bench has 3 modules (2 seating modules and 1 end module with a galvanized steel planting box).

The side cladding and seatings of the bench are made of wood with a 38x98 mm section.

After the application of a flow coat, the wood is coated with solvent-free water-based emulsion stain.

The wood used is certified and sourced from well-managed forests.

The metal supports of the planter bench are in 4mm thick painted galvanized steel and the adjustable plinths are in 3mm thick painted galvanized steel.

Steel parts are zinc plated, then they undergo our powder blast process (after cleaning and shot blasting, they are coated with a first coat of epoxy powder, and then with a second coat of polyester powder).

The adjustable feet of the planter bench are in stainless steel.

The assembly fasteners are concealed.

The Mobile Garden is equipped with the Sineufloor system.

Pre-assembled modules.

Weight: 636kg.

## ➤ Dimensions

## ➤ Colours

Colours shown:

Wood: Natural shade

Metal parts: RAL 7012 Basalt grey

Colours to select from RAL (satin) or AKZO NOBEL (sand) charts.
